A boutique and wellness hotel in the heart of KL

Converted from two shop houses of the 1920s, most of the rooms look out onto a peaceful inner courtyard creating a feeling like you're living in colonial Malaysia while staying at Anggun Boutique Hotel. Boasting its eclectically elegant décor, all the healthy and eco-friendly rooms you will find at this property are equipped with air conditioners with intelligent and air purification features, in addition to the state-of-the-art entertainment and the superior facilities offered. Enjoy some special delicacies at the garden restaurant, Bubu Rooftop Restolounge, which serves a daily breakfast and offers Malay and Asian cuisines. Just an hour away from Kuala Lumpur International Airport, Anggun Boutique Hotel is located in the Bukit Bintang area of Kuala Lumpur, next to Jln Alor Food Street, a short walk to Pavillion Mall, and a five-minute drive to the Kuala Lumpur Convention Center and Petronas Twin Tower.
